

SCHOOL MANAGEMENT SYSTEM

Automate your complete working and save lots of valuable time. Let our software automate all your manual working so that you can concentrate management and education.

The application includes modules –

- Students
- Staff
- Accounts
- Payroll
- Time Table
- Exam Cell
- Along with dual security level, detailed MIS reports.

It aims at limiting paperwork to minimum possible level and automatic generation of execution plans for different processes.

Different processes for which execution plans automatically generated are namely –

- **Time Table Generation**
(Saves 30 days time/ 250 man-hours in a year)
- **Teacher Adjustment in Time Table during absence and leave**
(Saves 30 minutes time daily)
- **Seating Plan Generation**
(Save 1 day time during every exam)
- **Invigilation Duty Chart Generation**
(Save 1 day time during every exam)
- **Evaluation Chart Generation**
(Save 2 days time during every exam)

- **Salary Generation**
(Save 2-3 days time every month)

[Note: Time saved is calculated as per standard time required in manually performing these work. It may vary School to School.]

Apart from these it also manages data for

- Fee Collection
 - Student Exam Performance
 - Attendance of student and staff
 - Promotion of students etc.
- With optimum user input
